Founder & CEO of

Hey there!

Giuliana, Founder of Julie Creative Space here. If you are ready to put your business vision online, I can help with that.

Julie Creative Space is a creative virtual assistant and Digital Design Strategy company, built to serve YOU, following specific steps to bring your idea in the web. We believe in the power of strong foundation, building a unique brand, an aesthetic website and power up your potential developing a smart and functional strategy.

We are here to help you "**get the work done.**" As a business owner, your main responsibility is to focus on building your business and concentrate your effort in what matters to you. Our company can provide the technical work to help make that happen and save up some free time!

Check out our services and portfolio in the next few pages. **We can't wait to work with you!**
